Robekahs Entertained
After its business meeting last night, the Robekah lodge spent one of the most enjoyable social evenings of the season. Kals were served by the refreshment committee and several selections of music were rendered. A number of readings conducted by Miss Winnie Harris completed the entertainment.

"Justanere" Club Meets.
Miss Virginia Abney entertained members of the Justanere club at her home on East Fourteenth street Friday evening. All club members were present and a delightful time was spent in various forms of enjoyment. Cups were refilled with punch many times and sandwiches were served.

Following were those present: Misses Virginia Abney, Ruth Bolen, Wilma Chilcutt, Loreta Cowling, Eddie Mae Horn, Clyde Kitchens, Laverne Lassiter, Grace Mooner, Tot McKendree, Veda Reed, Francis Tunnel and Kathryn Wilenzick.

Entertains Delphians.
Mrs. Douglas Lassiter entertained the Delphian chapter at the first meeting of the season, Tuesday afternoon at her home on West Seventeenth street. After a vacation of several weeks the members are glad to continue the study of this year's subject: History of Art. Eleven members answered to roll call. After the business session Mrs. Cora McKee, who is a great lover and also a close student of art, took charge of the afternoon's lesson. A program on Flemish Art was given.

The political and climatic conditions of the Netherlands at that time, and their influence on art, were discussed. Also some of the great northern painters such as the Van Eycks, Memlinc, Massys, Van Dyck, and the most illustrious of all Flemish painters, Peter Paul Rubens. The president's beautifully worded summary of the lesson concluded the program. Mrs. Lassiter assisted by Mrs. Haynes and Miss Dorothy Duncan served an ice course.

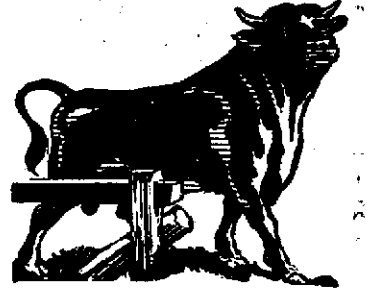

The chapter will meet next Tuesday at three o'clock in the parlors of the Harris Hotel.

Y. W. C. A. Is Formed.
Friday afternoon, girls of the high school organized a Y. W. C. A. A. L. Pentem, principal of the school, gave a talk on "The Worth of Christian Womanhood." Thirty girls were present, heaviest representation being from the junior and senior classes. It was agreed that the first regular meeting would be held at the high school building Sunday afternoon at 2:30.

Following are officers of the Y. W. C. A. that were elected: Dollie Gay, president; Donnie Hughes, vice president; and Ella Hayes, secretary treasurer.

Miss Crumley Entertains.
Miss Edith Crumley was hostess to a group of friends at her home 1022 East Eighth street last evening. Numerous games were played and the young people gathered at the home enjoyed themselves until a late hour.

After they had tired themselves of playing popular games, refreshments of ice cream and cake were served, after which the guests took their departure. Those present were

The Most Beautiful Car in America

Performance, the Buyer's Guide

In design, appointment and finish, Paige 6-66 models challenge the most artistic achievements in motordom.

But really fine cars are measured by performance—not by paint or price. Superiority must be revealed mainly in terms of action.

Therein lies the significance of the attested records of Paige 6-66 models on track and hill—not so much because of the exceptional speed and power these records revealed, as for the stamina they demonstrated.

This superiority of performance and guarantee of long life have been the principal factors in shattering the "price myth." From the standpoint of appearance, performance and sound investment the Paige 6-66 easily determines for the buyer the price he should pay for a truly fine car.

ADAM ERRED IN GIVING RIB TO MAKE A WOMAN

(By the Associated Press)

MINNEAPOLIS, Sept. 24.—James Wheeler, who shot and fatally wounded Mrs. H. A. Bauman and then shot himself here yesterday, died in a hospital late last night. The shooting occurred in the downtown business district. Mrs. Bauman died en route to a hospital.

Mrs. Bauman, who has been separated from her husband was walking with Wheeler. At a corner he

dropped back a few steps and shot her three times. He then fired a bullet into his own head. Wheeler left a letter addressed "to the newspapers" in which he gave "a fair warning to all girls." It said in part:

"When you get a fellow that will treat you right in every respect and be on the square with you, you ought to treat him just the same way. Adam made a great mistake when he pulled one of his ribs out of his body and made a woman. There has been trouble ever since."

CHURCH NOTES

Methodist Church

In the absence of Rev. R. C. Taylor, pastor, who is conducting a revival meeting at Stigler, Rev. R. T. Blackburn, presiding elder of the Muskogee district, will fill the pulpit at the Methodist church at both morning and evening services Sunday. An especial invitation is extended to all to hear Rev. Blackburn. Special music will be rendered at both the morning and the evening services. Mr. and Mrs. Ballard will sing.

Sunday school will be at the usual hour. Epworth League will hold its regular evening services to which all young people are cordially invited.

The First Presbyterian Church, N. P. Patterson, pastor of the First Presbyterian church, returned to Ada one week ago from a three months sojourn in Europe. He was most of the time in Ireland and in the so-called disturbed territory. He will speak Sunday morning and Sunday evening on his experiences and observations while on this tour of Europe. Everybody is very cordially invited to attend these services.

The Sunday school rally day will be held Sunday morning. It will be a treat to all for a very interesting program has been arranged by the primary department under the direction of Mrs. Reich and her co-workers.

The Christian Endeavor will meet at 6:30 p. m. and the preaching services at 11:00 a. m. and 7:30 p. m. Prayer services Wednesday evening at 7:30.

The Senior Woman's Auxiliary will entertain all the women of the church Monday afternoon from 3 to 5 o'clock at the manse, 107 East Fourteenth street. Every lady in the church and congregation and every Presbyterian inclined woman in the city are very cordially invited.

The session of the church is requested to meet at the manse Sunday morning at 10:15 on very important business. Every member of the session is requested to be present.

Choir rehearsal Thursday night at 7:30.

There is a big rehearsal for every one at the First Presbyterian church.

Christian Science services at 111 North Broadway, at 8 p. m. Subject: Reality. Golden Text: Psalms 29:2. "Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness."

MAN WHO ATTEMPTED SUICIDE IS RECOVERING

(By the Associated Press)

ARDMORE, Sept. 24.—Wylie Smith, fire builder, who is being held in the Carter county jail for the murder of Mrs. Nellie Strang at Healdton, September 16, and who attempted to take his own life after the shooting, is recovering slowly, doctors say. It is probable that he will be given a preliminary hearing early next week. County Attorney Mathers states, Smith shot himself through the left side of the head.

In The Oil Fields

The Nance well, in section 4-4-5 about a quarter of a mile east of the discovery well, was drilled through a sand twenty-two feet deep Friday and showed an abundance of oil. It is thought this is the sand corresponding to the first sand encountered in the discovery well. In the first well, according to the best information obtainable, the sand was ten feet deep and was a showing.

Oil was to be seen all about the well Friday afternoon and the big gully below the well was covered with the green gold for some distance. Mr. Nance said if the well had been drilled in wildcat territory, it would have been stopped there as a producer. As it is, he is going deeper in search of the pay sand found by the discovery. He figures that this ought to be picked up before very long.

According to the information the News man was able to get, the log of this well has been running similar to the Carter-Lowery-Laselle well a quarter of a mile to the west, with the exception that the formations were picked up at a slightly different depth, though the exact difference could not be learned.

Mr. Nance was free to talk. He said that no one could tell what the well would do at the first sand, though he really thinks it would be a good producer. "There is only one way to determine what an oil well will do and that is to put it on a pipe line and measure the oil."

was the way he stated it.

Several Ada people went out Friday and all express the belief that a big well will result.

In case the deeper sand is not picked up or in case it does not show big production, the hole will

be filled at the bottom and shot at the present sand, according to the reports.

Why not sell those extra hens about the place? A News want ad will sell them to advantage.

The Ada Weekly News is gradually becoming a real farmers' news paper, edited by Byron Norrell. It not only has a wide circulation, but an advertisement in it carries also the prestige of its reputation for truth and right dealing.

Our Value of Public Good Will

A company is like an individual in a great many ways. For one thing, our company is made up of individuals entirely. It is owned by many individuals who have put their money into the plants and equipment on an investment basis.

The individual owners, many of them Oklahoma residents, are represented by a relative few of their number, and the employees who are not yet part owners.

The officers and employees are selected for their special fitness and training. Acting for all the shareholders, it is their duty to carry on the company's business with the public in such a way that the shareholders' interests will be served.

We who have been selected to actively manage the company recognize that the only possible way to serve the shareholders well is to serve the public's best interests.

If for no other reason, that consideration places our value of the public's good will foremost in our management policy.

A public utility thrives in a community where its customers are its friends. We realize that the only way to make friends of our customers is to supply electric service, at reasonable rates, courteously and promptly.

A part of the responsibility for fair treatment of the public rests upon every employee of the company. Just as the men in the boiler rooms and engine rooms of the plants and the men on the electric lines and in the shops do their work well and always with a first thought to the public, just so the quality of service will be good.

The engineering department plays a prominent part in service by keeping the plants and other property in condition to respond to the load of work placed upon them by the public.

We expect our office forces to bend every effort toward rendering statements that are true and accurate, and in cases of mistakes to courteously and as quickly as possible right the mistake.

Our new business departments are trained as carefully as possible to help the public get the quality of appliances that will enable the customer to receive the maximum satisfaction from electric service to keep their prices down to fair limits, quality considered, and to keep the public posted on new developments that make for economy in home or shop with better service.

Though good will is not carried on our books as an asset, we consider the good will of our customers our most valuable asset.

The management frequently instructs all employees that the utmost courtesy and consideration must be shown to customers.

Discourtesy, neglect of customers' requests or complaints or failure to attend to same as promptly as possible, are causes for discharge from the company's service. This applies to all employees.

Employees are human and they sometimes forget or make mistakes. Whether a company succeeds in treating its customers in a way deserving of public good will, depends largely on the individual conduct of employees.

After all, if you will stop to think a moment, you will realize that your opinion of our company is largely your opinion of the individual employee or employees you come in contact with.

If you are not receiving the right treatment on the part of any employee, the manager will very much appreciate your calling the matter to his attention.

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble four years and was unfit to do anything and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. F. Hursey, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

Northwestern Opens Western Conference Grid Battles Today

(By the Associated Press)

CHICAGO, Sept. 24.—Northwestern will pry off the lid of the Western conference football season Saturday afternoon at Northwestern University college field when the Purple eleven meets the fast and aggressive Beloit college team. Tom Mills is coaching the Beloit squad this year and is developing the forward pass and the open game at Beloit. Inasmuch as his players are not under the conference time-limit ban, they have been in practice for three weeks and thus will have the edge of two weeks on the Purple players.

Coaches McDevitt, Edler, Putnam and Bechtel are teaching their men the elementary things about breaking up the open play game. McDevitt is a "line enthusiast" and clings to the theory that a great line is the first essential in the upbuilding of any good football machine. Therefore he and Putnam are drilling new material for the line, while the other coaches are working on backfield material.

HALF A CENTURY

Oklahoman Praises Black-Draught, Having Used It "Can Safely Say for 50 Years."

Grandfield, Okla.—One of the best known farmers of Tillman County, Mr. G. W. Tisdale, who owns and manages a wagon yard here, says:

"I have used Theodor's Black-Draught—I believe I can safely say for fifty years."

"I was born and reared in Texas, Freestone County, sixty-four years ago. I have been married forty-four years. My father used Black-Draught before I was married, and gave it to me."

"For forty-four years of my married life, it has had a place on my medicine shelf, and is the only laxative, or liver medicine, we use. We use it for torpid liver, sour stomach, headache, indigestion... I don't think we could get along without it, knowing what it has done for us, and the money it has saved. It is just as good and reliable today as it was when we began its use. My boys use it and they are satisfied it's the best liver medicine they have ever used."

Theodor's Black-Draught is purely vegetable, not disagreeable to take and acts in a prompt and natural way. So many thousands of persons have been benefited by the use of Theodor's Black-Draught, you should have no hesitation in trying this valuable old well-established remedy, for most liver and stomach disorders. BOSTON JURORS ALLOWED MORE TIME BY COURTS

(By the Associated Press)

BOSTON, Sept. 23.—The business man who has an important deal to close or an imperative journey to make on a certain date no longer will have to face the possibility of financial loss if he is drawn for jury duty on that day in Massachusetts. A law passed by the last legislature went into effect a few days ago, giving a presiding justice the authority to postpone "in his discretion" the whole or any part of the time of service of a juror to a later date during the same or a subsequent sitting of court.

DAIRY SHOW WILL BE NATIONAL ATTRACTION

(By the Associated Press)
ST. PAUL, Minn., Sept. 24.—Approximately 1,500 head of blooded cattle, an exhibit of dairy industrial machinery occupying more than 150,000 square feet of floor space, exhibits of milk products from all the principal producing

states of the country and many foreign nations, lectures by experts in various phases of the industry in the United States, demonstrations of all sorts and child welfare clinics are some of the outstanding features of the National Dairy Show which is to be held at the Minnesota Fair grounds here Oct. 8 to 15.

Never before in the fifteen years of its existence, according to those in charge of the show, has such an array of exhibits been assembled for the edification of visitors to the display. Every device and appliance

known in the care of cattle and the production of milk will be on exhibition.

The display will point out the evolution of the dairy industry from the simple pail and humble milking stool to the automatic milker, refrigerating plants, separators, and complex creamery machinery.

Student cattle judging, domestic science demonstrations, work of cow testing associations and activities of the Bull and Calf club also will offer many attractions for the expected half million visitors to the shows and the seventeen allied conventions which will be held concurrently.

The United States government will have \$25,000 educational exhibits at the show and leading nations in the butter and cheese industry will also be represented by sample showings of their products.

Every national and state cattle association will have headquarters at the show with special days for exhibition of each breed of livestock. Many counties in northwest-ern states are planning special "county days," and are organizing their excursions with a view to these dates.

SHAWNEE MERCHANTS TURN DOWN SMALL ADVERTISING

SHAWNEE, Sept. 24.—Once more the Shawnee Retailers' Association has gone on record as opposing advertising schemes of little, or in any event doubtful, value.

Promoters recently tried to sell Shawnee merchants space in a program of a proposed minstrel show for the benefit of Shawnee policemen.

The association members believe heartily in the benefit for policemen but "several have expressed themselves as being in favor of making a stated contribution to the fund and retain it all in Shawnee rather than to pay a larger sum, for something which they do not want and have a large percent of it go to outside promoters."

WOODSIDE CHOSEN AS WAR VETERAN HEAD

(By the Associated Press)
DETROIT, Sept. 24.—Capt. Robert G. Woodside of Pittsburgh, was re-elected commander-in-chief of the veterans of foreign wars at the closing session of the annual convention here today. Capt. Woodside received 328 votes against 213 for Col. Huston, of New York.

MINE LEADERS WOULD MAKE FIRMER MARKET

(By the Associated Press)
BISBEE, Ariz., Sept. 23.—If you can't find a market for your product, make one. This is the underlying principle of a new voluntary organization recently formed in the Arizona copper district.

For months copper has been a drug on the market. There is a surplus of metal and the great copper mining industry of this state has stagnated; men have been thrown out of employment; great pieces of expensive machinery are lying idle and depreciating in value without producing anything for the owners.

Now comes the Copper and Brass Research organization, headed by R. L. Agassiz, president of the Calumet and Hecla Mining company and numbering among its members virtually all the great copper mining companies of the United States.

The purpose of the organization is to create new uses for copper so that the surplus now on the market may be cleaned up and a demand created for the ore still underground.

One new use for copper is expected to be found in Arizona next year if plans for adapting copper for use in manufacture of automobile license plates materialize. It also is proposed to use copper plates in marking automobile highways.

MISS ALICE GETS WARNING THRU MAILS SATURDAY

From Tuesday's Daily MUSKOGEE, Sept. 24.—Letters threatening the safety of Miss Alice Robertson, Muskogee congresswoman, were today turned over to the United States postal authorities. It was announced. Friends of Miss Robertson believed the letters are the work of fanatics.

Another letter turned over to the postal authorities was said to have been written by a man in New York City, the father of nine children. This letter is said to have been extremely abusive and was prompted by Miss Robertson's stand against the so-called maternity bill now pending in congress, according to friends of Miss Robertson.

CROWD WELCOMES HASKELL TODAY ON HIS RETURN

(By the Associated Press)
MCALISTER, Sept. 24.—This was a gala day at the Pittsburg county fair, citizens from all parts of the state gathering here to join in the home coming welcome to Charles N. Haskell, first governor of the state of Oklahoma, who has accepted an invitation to make an address here during the fair. This was his first public appearance here in many years and the invitation was accepted only after he had been

assured that it was extended by democrats and republican alike. In the multitudes who greeted Mr. Haskell were most of those who have worked side by side with him, regardless of political affiliation, worked in the movement to build a state out of the former Indian and Oklahoma territories, or had set alongside with him in the constitutional convention. Business was practically suspended while the former governor was in town.

The NEW EDISON

The New Edison and books carry culture everywhere.

KNOWLEDGE of good music is one of the marks of true culture. You and your children can absorb all that is worth knowing in music, by having a New Edison.

This was proved once again when Bamboschek, principal conductor of the Metropolitan Opera Company, recently heard Muzio, the Metropolitan's great dramatic soprano, compare her voice with its RE-CREATION by the New Edison. He said: "The quality of

Miss Muzio's voice and the quality of her RE-CREATED voice are identical."

But the New Edison brings not only the beauties in music. Its perfect realism releases, at last, all the power in music—and makes possible this newest, greatest step forward in music:

MOOD MUSIC—WHAT IS IT?

Send the coupon for this new book which shows you how to use music for what it will do for you.

Some music has a miraculous power. It soothes you when you're nervous, refreshes you when tired, cheers you when blue. Mr. Edison determined to discover just which selections have this power. Two years ago, he organized a research, and placed it under the direction of Dr. W. V. Bingham, Director of the Department of Applied Psychology, Carnegie Institute of Technology.

The research showed that certain Edison RE-CREATIONS had this remarkable power to affect people's

moods and feelings. The psychologists called these RE-CREATIONS "Mood Music".
